

PrivacyArmor

Protect today.
Thrive tomorrow.

Get complete identity protection with PrivacyArmor® so you can focus on what matters most.

Your identity is made up of more than your Social Security number and your bank accounts. That's why PrivacyArmor does more than monitor your credit reports and scores. We safeguard your personal information, the data you share, and the relationships you treasure.

And now PrivacyArmor is better than ever. We've teamed up with Allstate to provide the next generation of protection. Our proprietary tools stay one step ahead — allowing us to catch fraud as it happens. In the event of wrongdoing, you have a dedicated Privacy Advocate® available 24/7 to fully manage your recovery and restore your identity.

- ✓ Identity monitoring and alerts
- ✓ Full-service remediation
- ✓ Identity theft reimbursement†
- ✓ iOS and Android app

New in PrivacyArmor Plus!

Allstate Digital Footprint™

All the incredible things you can do online require something from you — data. A “digital footprint” is a collection of all the data you’ve left behind that might expose your identity. Our new tool offers a simple way for you to see and secure your information, and help stop identity theft before it starts.

How it works

1 Choose your plan

You're protected from your effective date. Our auto-on credit monitoring alerts and support require no additional setup.

2 Get to know us

Explore additional features in our easy-to-use portal. The more we monitor, the safer you can be.

3 We're on the job

Our human operatives see more — like when your personal information is sold on the dark web. If you've been compromised, we alert you.

4 We'll do the heavy lifting

In the event of identity theft or fraud, Privacy Advocates® are available 24/7. They won't stop until you're in the clear.

5 We've got your back

Our \$1 million identity theft insurance policy covers out-of-pocket costs associated with identity restoration.†

†Identity theft insurance underwritten by insurance company subsidiaries or affiliates of Assurant. The description herein is a summary and intended for informational purposes only and does not include all terms, conditions and exclusions of the policy described. Please refer to the actual policy for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Coming in 2020 to PrivacyArmor and PrivacyArmor Plus

Allstate Digital Footprint

PrivacyArmor Plus

A “digital footprint” is a collection of all the data you’ve left behind that might expose your identity. Our new tool will offer a simple way for users to see and secure their information, and help stop identity theft before it starts.

\$1 million 401(k) reimbursement

PrivacyArmor Plus

Coverage will extend to any retirement account, provided the account has been entered into our financial threshold monitoring tool. Users will be reimbursed for up to \$1 million each for HSA and 401(k) accounts. Exclusions include Federally-insured bank accounts and any losses that occurred prior to enrollment in PrivacyArmor Plus.†

Sex offender alerting

Both plans

This new alert type will help protect families from predators by alerting a user when a sex offender moves into their neighborhood.*

Enhanced social media monitoring

Both plans

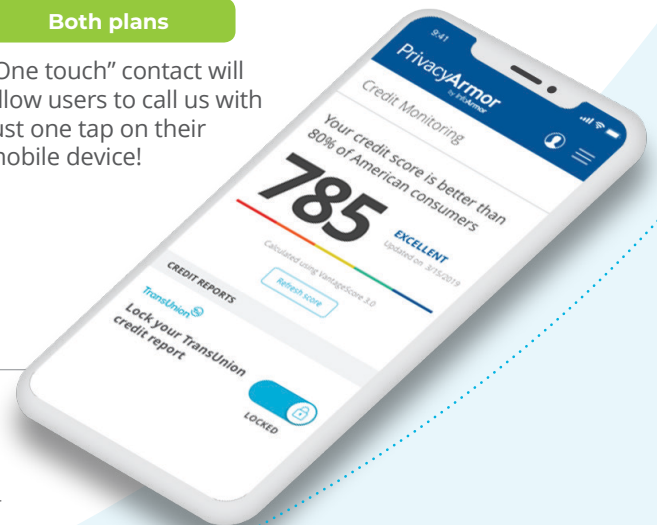

In addition to the social media accounts we currently monitor, users will now get alerts for YouTube accounts. We are also expanding our artificial intelligence capabilities to identify even more potentially malicious activity, such as known hacker activity.

Enhanced PrivacyArmor mobile app

Both plans

“One touch” contact will allow users to call us with just one tap on their mobile device!
