

# PASSWORDARMOR®

## THE SECURE PASSWORD MANAGEMENT SOLUTION

PasswordArmor securely remembers usernames and complex passwords for online accounts so you don't have to.

## HOW TO ACTIVATE

This easy-to-use password generator helps keep all of your online accounts safe and secure by creating complex and unique passwords. Military-grade encryption technology helps ensure that data contained in PasswordArmor remains secure. PrivacyArmor® participants automatically receive PasswordArmor as part of their benefit plan.

Just follow the four simple steps below to activate PasswordArmor today.

1. Login to your account at [MyPortal.InfoArmor.com](https://MyPortal.InfoArmor.com)
2. Click on Additional Protection
3. Click on PasswordArmor
4. Complete the form and click Sign Up
