

PLEASE READ THIS ENTIRE AGREEMENT AS IT AFFECTS YOUR RIGHTS.

These InfoArmor, Inc. Terms and Conditions (also referred to herein as the “Agreement”) set forth the terms and conditions under which InfoArmor, Inc. (“InfoArmor,” “we,” “us,” or “our”) will provide identity and privacy protection, as well as any other products and/or any related services (collectively, the “Products”) to you and, if applicable, your dependent family members (collectively, “you” or “your”) as subscribers for any such Products.

You accept this Agreement by either (a) clicking in the box next to “I have read and accepted these Terms and Conditions,” which affixes your electronic signature to this Agreement for each of the Products for which you subscribe, or (b) using the Products, in which case you are agreeing to be bound by this Agreement. By accepting this Agreement, you represent that you are a natural person over 18 years of age and that your access to and use of the Products does not and will not violate any applicable law. Additionally, you represent and warrant that you are a U.S. resident, that you have provided true, accurate and correct information including, if applicable, your valid U.S. Social Security Number, in connection with your registration, and that you will only use the Products for lawful purposes, in accordance with the terms of this Agreement and in connection with your personal accounts.

Among other things, this Agreement contains a provision requiring the use of arbitration to resolve disputes, instead of jury trials, class actions or any other resolution process. This provision is in Article I(S) below and is entitled “Arbitration Provision and Class Action Waiver.”

This means that, instead of suing each other in court, the parties agree to settle disputes only by arbitration. Arbitration works differently. There is no judge or jury, and review is limited but, like a court, the arbitrator can award damages and relief and must honor the limitations contained in this Agreement.

By agreeing to arbitration, the parties understand and agree that they are waiving their rights to utilize all other available resolution processes (e.g. a court action or administrative proceeding) to settle disputes.

If you do not wish to agree to arbitration and waive your right to all other available resolution processes, you may opt out of the mandatory arbitration and class action waiver provision by notifying InfoArmor within 30 calendar days of your acceptance of this Agreement by sending a notification that includes your name, member ID, and the email address you used to sign up for the Products via electronic mail to infoarmorservices@infoarmor.com.

Affixing your electronic signature to this Agreement signifies your acceptance of this Agreement and that this Agreement and the Subsequent Disclosures (as defined herein) constitute electronic records under the Electronic Signatures in Global and National Commerce Act (15 U.S.C. Sections 7001 and following). You further agree that your electronic signature constitutes your consent to receive the Subsequent Disclosures in

electronic form. "Subsequent Disclosures" means disclosures or information that we are required or permitted to send to you under applicable law and/or this Agreement.

We may provide Subsequent Disclosures to you by making them available on a secure website, sending them via email to your Email Address or otherwise notifying you through other means selected by InfoArmor. In accordance with (and subject to) our records retention policy, as updated from time to time, Subsequent Disclosures made available on a secure website will be available for your review for at least 20 days after making them available on our secure website. We may choose to email Subsequent Disclosures to your Email Address. For purposes of this Agreement, your "Email Address" means the email address you give us when you accept this Agreement, or any other email address that you subsequently give us by updating your account registration information, and "Email Notification" means any Subsequent Disclosure that we transmit to your Email Address. To assure your continued receipt of Email Notifications, you must notify us each time you change your Email Address.

You may withdraw your consent to receive Subsequent Disclosures in electronic form by emailing us at infoarmorservices@infoarmor.com or calling us at 1-800-789-2720 and we will send Subsequent Disclosures in printed form to the most current address that we have for you in our records.

As noted above, please read this Agreement and keep a copy for your reference. By your acceptance of this Agreement, you agree to the above provisions, as well as the following:

ARTICLE II

TERMS AND CONDITIONS REGARDING PARTICULAR PRODUCTS

The following sets forth certain terms and conditions that apply to the specific Product features described below. Feature availability depends upon your level of coverage. Please refer to your membership account for the features available to you.

- Credit Monitoring.
 - To participate in credit monitoring, you will be required to provide certain personal information, including, but not limited to, your birthdate and U.S. Social Security Number, and authenticate your identity. You understand and agree that by enrolling in and continuing to use credit monitoring, you are giving “written instructions” to us to obtain your credit report pursuant to the Fair Credit Reporting Act. You understand and agree that pursuant to the Fair Credit Reporting Act, you are entitled to obtain copies of annual credit reports, for yourself and for minor children for whom you are the parent or legal guardian, without charge. You also understand and agree that your decision to pay any payments for credit monitoring or any other Product under this Agreement has been made by you as a convenience and is not legally required. Please note that any person who knowingly and willfully obtains a credit report or score/disclosure under false pretenses may face criminal prosecution. We do not and will not transmit your score to any unauthorized third-party.
 - The unlimited TransUnion reports and scores that may be provided with this Product are limited to adults and may be accessed once per calendar day through the identity protection portal. The tri-bureau credit report can only be obtained once in a 365-day period. InfoArmor utilizes the VantageScore scoring model as provided by TransUnion. The VantageScore is not the FICO score, which is derived by the Fair Isaac Corporation. VantageScore may vary from bureau to bureau. The Product may also include a “credit lock” whereby InfoArmor helps to lock your TransUnion credit file and to file online TransUnion credit disputes. To lock a minor child/dependent’s TransUnion credit report, you must provide evidence documenting (1) that you are the parent or legal guardian of the minor, and (2) your ability to act on behalf of the child/dependent. This also includes credit freeze assistance, which may require additional expenses in freezing or unfreezing your credit report; these additional expenses are your sole responsibility.

Please allow up to 45 business days for the credit dispute resolution process to complete.

- IP Address Monitoring. To participate in this Product feature, you must provide InfoArmor with your IP address and grant us permission to store and monitor IP address information for the sole purposes of monitoring such IP address to identify unauthorized use or activity.

You agree to repay any tax refund advances that are paid to you if the tax fraud is resolved and the IRS issues a refund check. - Financial Transaction Monitoring. To participate in financial transaction monitoring, you agree to provide us with proper details of your credit, commerce, banking and other applicable accounts and grant us permission to access your accounts as your agent for the sole purposes of monitoring such accounts for potentially fraudulent activity. By providing us with your account information and such access you are granting us a non-exclusive, fully-paid, royalty-free, license to use such account information to monitor transactions within the corresponding accounts. Should you change your account information with any of your third-

party providers, you must update that account information in our system in order for us to continue providing financial transaction protection with respect to that provider. You understand that our network and Products are limited in scope to the account information provided by you, and we may experience delays or fail to process and identify fraudulent transactions for any number of reasons related to or outside of these constraints. You acknowledge and agree to monitor your accounts and transactions and you recognize that you should not rely on alerts from InfoArmor alone.

- **Internet Surveillance.** InfoArmor may not directly notify you of security breaches made public. InfoArmor commonly releases blogs regarding public breaches, which users may access through the InfoArmor site.
- **Social Account Monitoring.** To use social account monitoring, you must provide us with proper credentials to your social media accounts, identify the third-party provider of such accounts, and grant us access to your accounts as your agent for purposes of monitoring such accounts for suspicious or potentially fraudulent behavior. By providing us with your account information you are granting us a non-exclusive, fully-paid, royalty-free, license to use such account information to monitor your accounts. Should you change your account information with any of your social media accounts, you understand that you will be required to update that account information in our system for us to continue providing social accounting monitoring protection with respect to such account. You understand that our network and Products are limited in scope to the social media account information provided by you. InfoArmor shall make commercially reasonable efforts to ensure that we process and identify issues or threats within those accounts on a timely basis. You have a duty to monitor your social media accounts and you recognize that you should not rely on alerts from InfoArmor alone. We will provide monthly updates when a new registered sex offender moves into your designated zip code. If you move out of your current zip code, you must update your address and zip code to continue receiving updates. You understand that we cannot guarantee the accuracy, completeness, or timeliness of the information regarding specific offenders or whether an offender who may be located in the vicinity of any location is omitted. You acknowledge and agree that you should not rely on information provided by InfoArmor alone in this regard, and InfoArmor accepts no responsibility or liability for damages of any kind resulting from reliance on this information or lack thereof.

- Allstate Digital FootprintSM. The Allstate Digital Footprint is activated when you sign up for Allstate Digital Footprint and grant access to Allstate to read, write, modify, or control email message bodies (including attachments), metadata, headers, and settings (“Email Data”). By activating the Allstate Digital Footprint, you agree to allow Allstate to collect, use and share your Email Data to (i) identify certain online accounts and (ii) notify you of known security breaches that relate to those accounts. In conducting the Allstate Digital Footprint scan, our technology analyzes your emails including the headers and senders of the emails, and to the extent necessary, the content of the email to determine if a digital relationship exists. Allstate Identity Protection retains email header and sender information where a digital relationship was identified but does not retain or store the content of your emails. Your email address will be matched against a list of email addresses involved in known security breaches that relate to those accounts. If applicable, you will be alerted about those breaches. If you wish for Allstate Identity Protection to no longer access your Email Data, you may revoke access directly through your email account provider at any time or by disconnecting your email account from the service. You agree that the Allstate Digital Footprint is for personal use only and by granting Allstate Identity Protection access to your email account, you are certifying that you are the individual owner of the email account and that you have the authority to grant such access. The Allstate Digital Footprint is created based upon accounts identified in your email through our email scanning process. Our email scan only scans your inbox, not deleted or sent emails. You may have additional accounts that are not revealed through your Allstate Digital Footprint because you have not had any email communication with those companies, or you may have deleted emails from those accounts. This Service is not an insurance product and Allstate Identity Protection expressly disclaims any representations or claims that this Product establishes, rebuilds, raises, repairs, rehabilitates, restores, or improves your credit.
- Remediation. If we assist you with the restoration of your identity following an event of identity fraud, you may be required to access a secure file transfer portal to provide us with additional documentation related to your identity theft incident. When you provide us with such documents, you are granting us permission to take such actions and use such documents as necessary to provide our remediation services to you. Any such information that InfoArmor collects from you will be treated in accordance with our Privacy Policy, as modified herein.
- InfoArmor Apps. Downloading and use of the Apps does not create an ownership interest of any kind in the Apps, or the intellectual property related thereto (see Intellectual Property in this Agreement), but instead creates a non-exclusive, fully-paid, royalty-fee, revocable, license to use the Apps for their intended purpose only. The Apps may be available through third-party providers (e.g., App Store). However, this Agreement is the sole and exclusive agreement between InfoArmor and you for your use of the Apps, and any agreement with such third-party provider will not govern the terms of service of the Apps or otherwise supplement, override or affect any provision of this Agreement. Unless expressly stated, this Agreement does not modify any other terms set forth in any application marketplace, including,

but not limited to, the Apple App Store Terms and Conditions and Google Play Terms of Service or as otherwise required by any application marketplace provider (“**Application Marketplace Provider**”). To the extent necessary for this Agreement to comply with Apple’s applicable Instructions for Minimum Terms of Developer’s End-User License Agreement (“**Apple’s Minimum Terms**”), Apple’s Minimum Terms are hereby incorporated into this Agreement.

Your subscription for the Products will automatically renew annually (for annual subscriptions) or monthly (for monthly subscriptions) unless and until it is otherwise terminated pursuant to the Employer Agreement or the terms set forth herein. Product Fees for Employer Sponsored Products are dictated by the Employer Agreement, in which case such agreement will govern the amount of your Product Fees. If you enrolled via your employer (e.g., during benefits selection) or another authorized third-party, termination of your subscription for any or all of the Employer Sponsored Products should be requested through that third-party (e.g., your employer's human resources department). Your employer may determine the period of time during which you may cancel or change your subscription (e.g., during open benefits enrollment). Your termination will be effective when the employer or authorized third-party notifies us.

- F. Refund of Product Fees. InfoArmor is not responsible for any refunds to you for Employer Sponsored Products.

ARTICLE IV TERMS AND CONDITIONS APPLICABLE TO PRODUCTS PURCHASED DIRECTLY FROM INFOARMOR

In certain instances, you may have the ability to continue to purchase the Products directly from InfoArmor after (i) termination of an Employer Agreement or (ii) your departure as an employee or member of a third-party organization from whom you initially purchased the Products (each, a "Termination Event"). Additionally, you may have the opportunity to elect to purchase additional or upgraded Products from InfoArmor directly (an "Upgrade"). The following sets forth certain terms and conditions that apply to those Products purchased directly from InfoArmor after a Termination Event or in the event of an Upgrade.

- A. Billing and Payment Terms. The Product Fee will be automatically charged to your credit card or through another automated payment method acceptable to us on each Payment Date. "Payment Date" means the date on which you subscribe for a Product and each monthly or annual anniversary of such date. For example, if you subscribe for a Product on March 5, the Payment Date will be the fifth day of each month for a monthly subscription, or March 5th of the following year for an annual subscription. By providing us with your payment information, you are representing and warranting to us your authority to do so and our right to charge the Product Fee in accordance with such payment information.

- B. Term, Termination and Renewal. Your subscription for the Products will automatically renew annually (for annual subscriptions) or monthly (for monthly subscriptions) unless and until it is otherwise terminated pursuant to the terms of this Agreement. Our prices are subject to change; however, we will notify you twenty (20) days in advance. You may terminate your subscription for any or all the Products at any time by calling us at 855-990-0993 or by notifying us through our customer service email. Termination for monthly and annual subscriptions will

be effective immediately upon receipt of your communication to us. InfoArmor may terminate this Agreement without cause upon written notice to you, such termination to be effective as of the date of transmission of such written notice.

- C. Refund of Product Fees. Termination by you or by InfoArmor of any monthly or annual subscription will entitle you to a refund of a prorated portion of Product Fees that you have prepaid for such subscription.
